FAQ avantree.com/support/as70-p

- STEP 3** Keep the AS70P & your device close together and wait for 5-10s until they connect. Once connected, the LED indicator will turn a solid color. If you have headphones plugged in, you'll hear "connected".

Reconnect to a Bluetooth device

Once powered on, the AS70P should automatically reconnect to the last connected device within 5-10 seconds. If not, please select "Avantree AS70P" from your device's Bluetooth menu to connect manually. (If using a Bluetooth transmitter, please refer to its user manual.)

Charging

When the LED indicator flashes Red, you should charge the device. Using the provided type C cable, plug the AS70P into either a wall outlet - 5V/500mA-1A rated USB adapter (any phone charger should work) or a PC USB port. The LED indicator will turn solid red while charging and off when completed. It normally takes around 2 hours to fully charge.

FAQ

Below are some of the most common questions people have during setup.

How to upgrade the software?

You can do the device firmware upgrade (DFU) yourself. Pls follow the instructions from our support site: avantree.com/as70p/how-to-do-dfu

During a call, how to have myself being heard more clearly?

It's best to clip the AS70P to your collar; point the microphone hole upward and close to your mouth.

How to switch to LE Audio on my phone?

.....
