EN

You can add up to 100 Shift-Extra headphones to your Shift setup. The Shift-Extra headphones will only work with the Avantree Shift -- they cannot work with any other device.

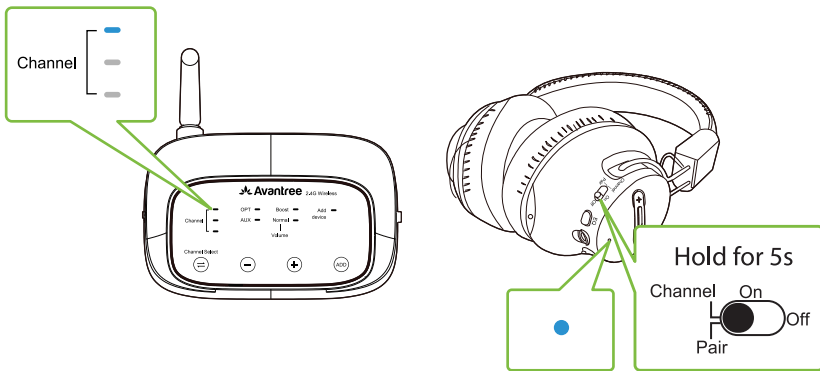

STEP 1

Press & hold the  button on your transmitter for 5 seconds. The "ADD DEVICE" LED indicator will flash **BLUE**.

STEP 2

Turn on your pair of Shift-Extra headphones, then slide & hold the  switch to the "PAIR" position for 5 seconds. The LED indicator will quickly flash **BLUE**.

Keep them close and wait for 2 seconds. Once connected, the channel indicators on both the transmitter and the headphones will turn solid **BLUE**.

STEP 3

Switch the channel on both the transmitter and Shift-Extra headphones to the channel you used before.

Repeat these steps to add more headphones if needed.

NOTE: Any new Shift-Extra headphones should be paired and connected via the **BLUE** channel. Once connected to the system, they can freely swap to other channels.
